CALM BUT WARM FW22

Y, con el invierno, llega la calma. Tejidos que nos protegen del frío, de la lluvia, el viento y que a la vez nos conectan y nos permiten abrirnos a ellos desde la seguridad y la confianza de sentirnos recogidos, seguros, tranquilos... Una colección acogedora de tonos otoñales, puros y abiertos que cumple con una filosofía sostenible y una actitud natural, libre y abierta al mundo para que, aunque éste nos muestre su cara más gélida, podamos aprovechar esas horas de luz que nos regala y recargan de energía. De la buena. De la que da calor de verdad. Piezas para disfrutar y protegernos del frío, para vivirlo y proteger desde ellas aquello que, en realidad, nos protege a nosotros...

And with winter comes calmness. Fabrics that protect us from the cold, the rain and the wind and, at the same time, connect us and allow us to be exposed to them with the confidence of feeling well wrapped up, safe and secure. A cosy collection of pure and accessible autumn colours, in line with a sustainable philosophy and a natural, free and open attitude to the world so that, even if it shows us its coldest side, we can take advantage of the hours of light it offers us to replenish our reserves of energy. The best type of energy! The kind that really keeps us warm. Items of clothing to protect ourselves from the cold and enjoy the winter, and by choosing them protect what, in reality, protects us ...
