(BLOOM YOUR ESSENCE)

COLLECTION)
LOOKBOOK)

Fashion is transformation.

Transforming materials, textures, shapes and colours. Making garments from ideas. And rethinking, undoing to do it all over again. Sewing and blooming. Allowing creativity and design to blossom. Fashion transforms who you are into what you wear. It gives you the power to be and to seem. A collection to experience with the five senses. To let the sun paint you, the breeze comb your hair and nature dress you.

In essence, a collection in which to bloom.
