LOREAK
MENDIAN

Music is in the blood of Loreak Mendian. New collaboration with the electronic music festival Dantz in San Sebastian with the design of the T-shirt for the 2024 edition.

This summer we are once again collaborating with Dantz, a local laboratory of diverse projects that uses electronic music as a creative force. A collaboration where we use the concept of Rubin's cup as an optical illusion to create this limited edition T-shirt, available in our Loreak Mendian shops in San Sebastian and online.

Music, illusions and fashion, all in the same event in Donosti.
